### **Statement of Reasons for Allowance**

Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance: none of the cited references discloses nor suggests the claimed invention including "logic circuitry for calibrating the voltage controlled oscillator to a frequency range inclusive of a new desired frequency responsive to a change in the divisor by: performing a coarse search at a predetermined control voltage to determine an initial control word; and testing the initial control word to determine whether the initial control word should be used to generate the first clock signal at the new desired frequency or whether the initial control word should be changed to an adjacent control word", as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph Chang whose telephone number is 571 272-1759. The examiner can normally be reached on Mon-Fri 0700-1730.
